QUEEN CONTEST CLOSES ON NEXT TUESDAY

Miss Flora Benedetto Leads In Contest With Claire Farrell Second. Carnival Opens Next Saturday.

The Valley of the Moon Carnival will open at Boyes Springs next Saturday and decorations are already going up for the big event. Special lighting effects and many flags and gay streamers will transform the entire Springs district into a gay carnival land. Chief Cause and aides are leaving nothing undone to make this the greatest event in the history of Sonoma Valley. He asks everyone to light up and decorate during the three days that the carnival spirit may be evident to all visitors over the next week end.

The queen contest is getting very exciting. The latest count, Thursday night, showed Miss Benedetto in the lead and revealed the fact that Rose Arriola, who went into the race late, is making a fine show. Miss Claire Farrell who holds second place is also a likely winner. The vote to date is as follows:

Miss Benedetto	15,506
Miss Farrell	13,750
Miss White	13,027
Miss Arriola	8,600
Miss Craib	1,000

The last public count of votes, which will reveal the positions of the contestants on the tally list will be made publicly at 4 p. m. on Tuesday, April 25. Votes may be brought in after that until Tuesday at midnight, when the contest closes. The official count will then be made.

STANDARD OIL CHOOSES SITE FOR OIL STATION

Loustalet Property In Heart of Sonoma Business District Selected and Will Be Put In Shape Soon.

The Standard Oil Company which was considering the Sonoma plaza as a site for an oil service station, but who called off negotiations rather than create community discord, has selected a location on Napa street opposite the Maffei block and will there erect a handsome steel and glass station. The Loustalet lot, 100 feet square, has been leased and will be beautified with ornamental fence and shrubs to make the oil station a stately addition to the business district.

Several locations were considered but the one chosen was decided to be the best, being on the main street, over which all traffic to the Springs and county seat passes. The Schellville-Santa Rosa highway will connect with this paved thoroughfare on the westerly city limits.

Standard Oil service stations throughout the state are up to a high standard and the one to be erected in Sonoma will be second to none.

Mrs. Eliza Shepard of Glen Ellen has purchased a beautiful new Studebaker sedan. With her daughter-in-law and little grandson, Jack London Shepard, she drove up from Oakland last week.

PARADE WITH MUSIC TO GREET DELEGATES

Plans Go Forward for Redmen's Convention to be Held Here In July.

An enthusiastic meeting of the committee from the Sonoma Redmen's Lodge and the sister organization, the Daughters of Pocahontas, indicates great progress on the arrangements for the Convention of the Order to meet here the latter part of July.

The visiting delegates will be greeted with a street parade and brass band which will be the opening day feature and will usher in the week's program.

There will be concerts, dancing, a banquet and excursions between the business sessions and the delegates will be shown all points of interest in and about historic Sonoma and the Valley of the Moon. Souvenir programs descriptive of points of interest and containing the program of each day's events will be issued.

The Redmen and Daughters of Pocahontas aim to make Sonoma the ideal convention city of Northern California.

I. O. O. F. BALL TONIGHT

This is the night of the annual ball of the Sonoma Lodge of I. O. O. F. at Union Hall.

The drill team from Petaluma is to be a feature and will be here in full uniform. Many visitors from neighboring Odd Fellow lodges are expected.

The largest orchestra which has ever played for a dance in Sonoma will please the dance lovers. The orchestra will be composed entirely of members of the Order and many talented musicians will participate.

SEEKS LOCATION FOR APARTMENT HOUSE

Louis Parente Looking At Sites for a Modern Structure at Boyes Springs.

Louis Parente, wealthy San Francisco promoter and owner of the Tavern at Verano, is to invest more money in Sonoma Valley. He is now looking at several sites in the vicinity of Boyes Springs on which he intends to erect a modern apartment house. The apartments would be strictly up-to-date with sleeping decks and janitor service and would be built for all the year round comforts. To prove that the apartments contemplated by the enterprising investor are to be strictly up-to-date, the plans call for an aviation platform landing.

Mr. Parente has several beautiful locations under consideration.

The new 30-room annex to the Tavern is nearing completion and will give Verano one of the finest hotels in Sonoma Valley. Private baths and steam heat have been provided and every convenience and comfort for the traveling public considered. The new Tavern will be thrown open to the public very shortly.

LOW BIDS ON ROAD WORK ARE RECEIVED

First Eleven Miles of the Schellville-Santa Rosa Highway to Cost \$158,210.00. Bids Opened Monday.

Eight bids on the northern unit of the Santa Rosa-Schellville state highway, the lowest of which went more than \$50,000 below the engineer's estimate, were opened at Sacramento Monday, according to word from the state highway commission.

The bid of the Standard Industrial Engineering Corporation for \$158,210 was the lowest. The estimate of the engineer was \$209,000.

The commission will take action on the bids when it meets next Tuesday and it is indicated that work will be started on the road early in May.

The distance of Section A, lying between Santa Rosa and Beltnaire, is 11.7 miles.

The above figures give practical assurance that the entire stretch of state highway from Schellville to Santa Rosa will be completed as soon as all rights-of-way deeds are filed.

There is a rumor that Mrs. Bell, a non-resident property owner of the Dunbar district will hold up the road work as she objects to the routing of the highway through her property.

The people of Sonoma Valley will urge the building of the road from the Schellville end in the event that there is any hitch in the putting through of the work from Beltnaire down. It is to be hoped that property owners on this end of the highway will co-operate with Supervisor Lowell in expediting progress on this most important work, which means so much to the development of Sonoma Valley. \$450,000 was voted for the building of the Schellville-Santa Rosa road.

SPECHT ELECTED SECRETARY

The Valley of the Moon Chamber of Commerce board of directors held their second meeting at Boyes since their election to perfect their organization. The following are the officers:

T. H. Corcoran, president.
Leo Justi, vice president.
Wm. Clewe, treasurer.
R. C. Specht, secretary.
The next regular meeting of the organization will be held at Boyes Springs on Thursday, May 4.

MISS HILDA RANKER TO WED YOUNG BANKER

Former Glen Ellen Girl Announces Engagement to W. K. Dudley of San Francisco.

Miss Hilda Ranker, beautiful daughter of Mr. and Mrs. A. E. Ranker of Glen Ellen and sister of Mrs. Irving Shepard, is to wed William Kenilton Dudley of the Bank of Italy, San Francisco. The romance, which is to culminate at the altar, began in the Yosemite last Summer, when Miss Ranker and Mrs. Eliza Shepard were spending their vacation in the national park.

Miss Ranker is a graduate of the Sonoma High School and is a girl of culture as well as beauty. She has decided talent for dramatics and is also a clever young business woman, employed at the present time in the Farmers and Merchants Bank of San Francisco.

Mr. Dudley who is an eastern man, has a responsible position with the Bank of Italy and is highly regarded by employers and friends in the metropolis. No date for the wedding has been set.

THE OLD MISSION BENEFIT AT DON

In addition to aiding the splendid work of the old Mission committee, those who patronize the benefit at the Don Theatre on April 26 and 27 will have the pleasure of witnessing a great film production, Fine Feathers, and a Christie two reel comedy. The Eugene Walter play is replete with dramatic situations and beautiful scenic effects. The story is of the man who climbed to wealth via the crooked way and dropped back to poverty.

The Foxy Four orchestra has donated its services to the Mission committee and will play both nights at the Don Theatre.

FIRE DESTROYS HOME ON EASTER MORNING

MacQuiddy Residence a Complete Loss. Fire Engine Arrived To Find Roof Sea of Flames.

The attractive two-story residence of Mr. and Mrs. J. T. MacQuiddy on Patton street was completely destroyed by fire Easter Sunday morning. Defective wiring is thought to have been the cause of the conflagration.

Mr. and Mrs. MacQuiddy and their son, Birch, and wife, were all at home. Mrs. MacQuiddy phoning to her daughter, Mrs. Bean when she detected a strange crackling on the second floor of the home. She rushed from the phone to investigate and returned to tell her daughter that the house was on fire.

The fire department was notified and then began a frantic effort to save the household furnishings, for the family realized that the flames had gained great headway and destruction was inevitable. When the fire engine arrived the chemical was of no avail and hose had to be laid over a quarter of a mile before water was gotten on the blazing house. Two streams were played on the flames with good effect. The roof fell in just as the last piece of furniture from the lower floor had been carried to safety. The second floor contents were a complete loss. Many valuable pieces of old furniture, bric-a-brac, china and family silver were saved.

Mr. and Mrs. MacQuiddy, both advanced in years, bore their misfortune bravely and have the sympathy of the community in the loss of their pretty home. Mr. MacQuiddy had been building it for several years and had just completed the artistic interior this spring and the family was enjoying its comforts. The building was only partially insured.

E. D. DePlace has been quite sick at his residence in the Sebastiani tract. Mr. DePlace is a Grand Army man and eighty years of age.

RESIGNS AS MEMBER OF
BOARD OF MANAGERS

Attorney E. M. Norton, for over 10 years a member of the board of managers of the Sonoma State Home at Eldridge, has sent in his resignation from that position, effective at once. Mr. Norton gives as his reason the pressure of business matters. He was appointed to the board of managers in 1911.

EL VERANO
NEWS

By ARCHIBALD McKIVER

Clarence Chance is visiting in San Francisco this week.

Captain Candelin was in Oakland on business last week.

Mrs. H. Koerner returned Tuesday from a pleasure trip to San Francisco.

Bill Offutt, Petaluma stockman, was here Saturday, wishing the boys a happy Easter.

Mrs. M. Love of Antioch after a visit at the McGill home, returned to that place last Saturday.

Miss Nellie O'Brien was in San Francisco the first of the week on a business and pleasure trip.

Arthur and Stanley Klopstock of San Francisco have been visiting at the Charles Baines residence.

Mr. and Mrs. G. H. Hotz of Sonoma passed through here Tuesday morning enroute for Reno, Nevada.

Frank LaHaye, P. Deane Jr., and R. Meredith of San Francisco have been spending a few days here.

L. Kearney is getting the ground ready to put out 25 acres of tomatoes on his land adjoining Sonoma creek.

W. Chester of San Francisco was here Tuesday talking water. His way of telling it we will soon have a Hetch Hetchy.

Harry Bell, globe trotter, turf man and politician is up from San Jose, registered at the Hotel de Andrews, Boyes Springs.

Mr. and Mrs. Archie Gale and family of Winters motored here on Sunday and were the guests at the N. Dowdall home.

M. M. Yerzykovic Jr., the Sherlock Holmes of Sonoma Vista, but now of San Francisco is recuperating on his ranch at that place.

Charles Danielli and wife of Daly City were here for Easter, the guests at the Danielli residence. Charles is with the University Rubber Co.

Mr. and Mrs. T. B. McKinnon and children of Concord accompanied by Miss Irene Dowdall motored over from that place to spend Easter with relatives here.

Mr. and Mrs. Fred Jensen are here from San Francisco this week. Mr. Jensen has recently bought a new stable in San Francisco. He is making many improvements around his summer home here.

Two carloads of cattle from the Keechler ranch were shipped from the stock yards here last Friday to

Manteca. These cattle were the finest ever shipped via the S. P. They were all thoroughbred Holsteins. Mr. Keechler is retiring from the dairy business.

Charles Danielli of Daly City and J. Basileu of El Verano, the two rivals, engaged in one of the hottest battles of their career Sunday in a billiard game, fifteen or no count. The game ended in favor of the El Verano champion, the score being 156 to 147. Time, 30 minutes.

Miss F. Benedetto, candidate for queen of the Boyes Springs carnival, was here the first of the week. Miss Benedetto is a charming young girl and will get the support of El Verano in the race for the throne, which promises to be very exciting as the time draws near.

Harry Koerner was in San Francisco Saturday taking in the Orpheum Saturday evening, where he saw Jim Corbett and Billy Van play the Eighteenth Amendment. These players took old Volstead off to perfection and a crowded house greeted the ex-champion heavyweight boxer.

Buck Holly, aspirant for the middleweight championship boxing title of the world, is at the Parente Villa, and will work out daily. At present Buck has nothing in sight, having cleaned all the Pacific Coast aspirants, who were seeking middleweight honors. Holly is in the pink of condition and looks good.

Heine Liske, who was drowned on Government Island in the Oakland estuary last Sunday evening, had recently purchased a garage at Fetter's Springs and was to have left Oakland Monday to take charge. Six others also perished with Liske. They were in a flat bottom boat which overturned, and all seven disappeared beneath the waves. Liske was well known in the Sonoma Valley.

The many friends of G. Steckmeyer were pained to learn of his death at Crane's sanitarium Monday. Mr. Steckmeyer had resided here for 17 years and was 82 years of age. The funeral took place Wednesday from his son's residence. Mr. Steckmeyer had been ailing for some time past and had many friends who will deeply mourn his death. He leaves a son, Jake Steckmeyer of El Verano.

A large crowd of sport-loving people attended the races at Schellville on the new three-eighths mile track on the Millerick ranch Sunday. Several good races were pulled off and some wild broncho riding staged. Mike Millerick made a hit with his classy riding and will be heard from in the horse game in the future. Joe Danielli, El Verano horseman, was also on the turf, but is a little heavy. By training down he will make a good rider. The horse Joe rode seemed to have lead in its hoofs. The real race of the day was introduced from the grandstand as the Colored Derby, in which Pete Andrews, famous as a rider the world over, was opposed by Cy Stokes, another colored gentleman of race horse fame, which was a hair-

raising event, with Pete on the lower end. Cy Stokes and his bucking mule was the closing attraction which created great laughter among the spectators. All enjoyed themselves and the courtesy shown by the Millerick Brothers, who leave with their wild west show Thursday for Chico, making a tour of California.

Mont Akers, genial postmaster at Schellville, has just recovered from a severe attack of flu. Mont has been postmaster at that place for 30 years and his superior physical stamina carried him through this malady without taking to his bed. In all his years of service for Uncle Sam, Mont boasts that he has never missed dispatching a mail to the train and he is probably one of the oldest postmasters in the service today.

The S. P. Company will shortly use a chemical fluid to kill the grass on their lines between Santa Rosa and Vallejo Junction, and make this one of the most superb tracks on the division. When the new gasoline cars are put on, the traveling public will have a clear observation of the surrounding country. It will cost the company \$75 a mile to work this new experiment to get rid of the grass. Work is to start at once.

Frank Sullivan, manager of the Kate Hardy mine in Sierra county, was here Saturday, accompanied by his son. Frank says the mine is going good and nuggets are being taken out as big as they make 'em. A force of men are now at work digging out the valuable stuff and it is expected that a '49 gold rush will soon be on at this place. Frank in his new car and natty summer suit makes things look like business is good in the mining game.

The Sonoma Vista Improvement Club held a celebration on the grounds next to the new hall last Sunday in honor of the raising of the first flag on their new flag pole. A large crowd congregated and Lawyer Frank Sprague of Sonoma delivered the address, which was a brilliant one. He paid a great tribute to the flag and the 100 per cent Americanism of the club members. Games for the young people, giving out of Easter eggs and music were features. The Star Spangled Banner was sung as Old Glory was hoisted to the winds.

Mrs. F. LaFranchi of the Helvetia Hotel gave a big barbecue on Easter Sunday and those who enjoyed the affair were Mr. and Mrs. Ganiats, Mr. and Mrs. Zerza of San Francisco, and J. Basileu and family. F. LaFranchi sang The Marseilles and Dave Forni and Bruce Weatherhead beat the drum. Willie Johnson sang his latest, Why I Remained Single. A Garavanti sang an Italian hymn and J. J. Bairos, the silver-tongued orator, did the talking and orated for the guests. A pleasant Easter was had by all and Mrs. LaFranchi was congratulated upon the good time given those present.

Joe Coffey, the crack San Francisco featherweight and Jimmy Dunning, Pacific Coast bantam champion arrived at Louis Parente's training quarters with Charlie McDonald, one of the best trainers in the country. He will be in full charge of Coffey and Dunning, putting them in good condition for bouts that have been lined up for them in Oakland and Los Angeles. During their stay the Sonoma Valley fans will be treated with a real work-out. Joe White, Buck Holly and Alex McDonald will also entertain the fans. The boys box every afternoon and will put on a special work-out Sunday afternoon.

The entertainment to be given on May 6th for the benefit of St. Francis church, Sonoma, is the big talk here, and a large crowd of boxing enthusiasts will tie themselves to Sonoma on that evening to look over the star who made his start here many years ago, to lap on the heavyweight champion throne of the world. We refer to Willie Meehan. Although our Willie didn't land on top of the ladder of fame, we will all be there and decide whether the phat boy is going to make a better actor than boxer. They tell us Willie is some singer and story teller, and has the making of a Jim Corbett in the vaudeville line.

TRACTOR SCHOOL

FOR FARMERS

The tractor extension short course for Sonoma, Mendocino, Lake, Solano, Napa and Marin counties, will be held at the Santa Rosa fair grounds, starting April 24th. The school starts promptly at 9 o'clock on Monday morning and will continue throughout the week.

Tractors of the popular makes will be supplied by local tractor dealers for study and used tractors will be repaired and overhauled during the school.

Three instructors from the engineering department, University Farm, Davis, who are expert tractor men, will be in charge.

Those wishing further information or desiring to enroll, write or inquire at the Farm Adviser's office, Court House, Santa Rosa.

DEATH OF JAMES WILSON

H. James Wilson died at San Pedro April 14th. The last sad rites were held there Sunday at 10 a. m., April 16th, in the presence of relatives and friends, it being his request that he be laid to rest in the southern city where he had made his home for the last 28 years. He leaves four sisters and two brothers to mourn his loss: Mrs. C. R. Fontana of Dixon, Louise Wilson of Berkeley, Mrs. S. W. Carmer of Sonoma, Agnes Wilson of San Francisco, Robert Wilson of San Jose and Percy Wilson of San Francisco. He had been in poor health for some time. Apoplexy was the immediate cause of his death. Sonoma old friends will be sorry to hear of another bereavement in the pioneer family.

While returning from Napa Saturday night, the lights on a car driven by Arsura brothers of the Depot Hotel went out and the machine ran into a ditch and overturned. Fortunately the occupants all escaped injury.

RETURNED FROM TRIP SOUTH

Joe Keechler, pioneer superintendent of the big Jones ranch at Reclamation, has returned from a trip to the south, which took him as far as Tia Juana. Mr. Keechler motored down on business principally, but incidentally took time to cross the line into Mexico where he found things just like they used to be here before Volstead got busy.

The Sonoma farmer declares that the south is a wonderland when it comes to water and fine roads. He says it is very evidently the land of successful politics for no matter where you go, every desert section has magnificent state or county highways.

Mr. Keechler met Judge Seawell in Los Angeles and declares that sentiment everywhere is favorable to the Judge's candidacy for the state supreme bench.

Mrs. Myott or Stockton has returned home after a week's visit with her daughter, Mrs. A. Dutil. Mrs. Myott has many friends in Sonoma Valley who are always glad to see her.

Mrs. J. Staudinger and daughter have returned from San Francisco, where they spent the winter, and will spend the summer months in El Verano. Frank Staudinger will remain at the Palace Hotel, San Francisco, where he has worked for a number of years. Mrs. Staudinger is glad to return to her country home in the Valley of the Moon.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is cataract. Cataract being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Cataract Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Cataract Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address P. Loyalty To Your Community

HOW good is our town? As good as the people make it. Towns not good by nature have been made so by the people who call it home. Loyalty to the home town is everything. Show your loyalty by trading at home. The people in business in Sonoma Valley deserve the hearty support of every resident. The local business house is the greatest asset we have. It is within the power of those who have patronage to give out to make Sonoma Valley business concerns of greater value to the public every year. As business firms prosper, their stocks will be better, their equipment for service will be more adequate and they will in every way come to be more of a credit to the community. Prosperous firms will either improve their holdings in the business section or can afford to pay rent which will justify property owners to give them improvements, thus the appearance of the town may be bettered by adopting the slogan "Trade At Home."

Every dollar which goes to some other town makes that town bigger and better. Keep your dollars in circulation close to where you reside and watch the results.

Telegraph Hill To Be Improved

THE traveler to San Francisco, crossing the bay, invariably looks upon Telegraph Hill with interest. It is a landmark which always attracts and some times the thought has occurred: Why has this conspicuous bit of the city which looms up above all else been neglected? Like our own Plaza, it has even boasted of the fluttering wash from many a clothes line, for North Beach is famous for wash tubs and big families.

Now there is to be a change. Telegraph Hill at last is to be beautified. No oil station is dickering for it, but the City of San Francisco is to make of it a wonderful park. Here is what the news-writers tell us of it:

"This park is the top of Telegraph Hill, and the work of improving and beautifying it has been commenced. It is planned to construct a driveway from the base to the apex of the hill. This will be serpentine, and to enable the plan to be carried out as it has been designed it is necessary for the city to acquire that portion of the block bounded by Greenwich, Kearny, Lombard and Montgomery streets not already owned by the city. The initial step toward this acquisition was taken by the Municipal Board March 27, when it directed the city attorney to begin proceedings in condemnation. Telegraph Hill is the most commanding eminence to immediately meet the eye as the visitor crosses the bay on the ferry. The view from its summit is unusually fine, and when it is picturesquely laid out and improved, it will be one of the most attractive, as to the view it affords, of San Francisco's many parks. There is a historical sentiment, which has, perhaps, preserved it from private ownership and now impels its improvement. In very early days, before the telegraph was established here, incoming vessels were signaled from the summit of Telegraph Hill, whence its name.

FEW people ever stop to think that insurance is the basis of modern business. This is true because business activity is predicated upon credit and credit in turn rests upon insurance, particularly fire insurance. When a man goes to his banker to borrow money on either real estate or merchandise, the latter will be found to insist upon the protection afforded by a fire insurance policy, otherwise the destruction of the physical basis of the credit would leave the bank without any security for its money. One of the first things called for by the man who loans money upon improved real estate is a fire insurance policy to protect his interest in the property. If commodities in storage or in transit were not protected by fire insurance, the merchant, providing he were willing to risk his capital, would be able to operate only upon a scale commensurate with his cash resources. Under such a system, commerce in its modern proportions would be unknown.—Exchange.

That Napa Stretch Of Road

THE condition of the road just this side of the Napa line, calls for the immediate attention of someone in authority. Although it is apparent that the frightful condition is due to the fact that a permanent road is being built just above the present one, there is no excuse for the neglect of the highway which the public must now travel. There is no economy in leaving it as it is until the other road is opened. It is a costly mistake. Aside from the wear and tear on vehicles of every description and those traveling in them, is the condemnation of the public and the damaging knocks which this section gets as a result of such conditions.

With the Black Point road impassable, the Santa Rosa road a nightmare and this Napa stretch in such deplorable condition, Sonoma Valley is in a sorry fix right now.

Our ferry service has been greatly improved with the better facilities offered by the Northwestern, the Vallejo-Rodeo and Richmond-San Rafael lines. So it behooves Sonoma Valley to at least insist on passable roads for the hundreds of motorists who want to come to this historic and beautiful section.

Chinese Taking Up Golf

IT WOULD hardly be supposed that golf is a game to intrigue the Chinese, who are not notably given to any form of athletic sports; but the announcement is made that Charles Chung, champion of Hawaii, is coming to this country to contest in the tournaments of the season. Chung expects to contest for the open American titles which open at a Chicago club's links July 11, and for the national amateur championship, which opens at Brookline September 4th. The theory, that golf is an old man's game gets a setback in this young Chinaman being a champion at nineteen. He is said to have several records, one for the Hawaiian golf links, which is said to be the hardest course in the Islands. Then there is Wing, who has attracted attention pugilistically. First fighting would seem to be even less a Chinaman's forte than golf. It is said that Wing lacks in some essentials of pugilism, but that he is a glutton for punishment, standing an amount of it that no white man now in the game is known to relish.—The Knave in Oakland Tribune.

Who Pays?

WHILE the press is speculating on whether or not Fatty Arbuckle can "come back," it is interesting to realize that all the money spent for his trials can never come back. It was a costly affair and those at a distance cannot help suspect that politicians and office holders who counted the support of reformers and lady vigilantes, made capital of it. Coupled with the spectacular prosecution were the greedy attorneys for the defense who gouged Fatty's bank-roll for the three rounds. Arbuckle will get it all back once his grin is back on the screen, but the city and county of San Francisco which footed the bills for his trials must grin and bear it.

THE sunrise Easter service on Mt. Tamalpais was most inspiring and the grand old mountain was the Mecca of many worshippers. Little wonder, for what cathedral can vie with lofty, soul-inspiring Tamalpais in Marin County, providing an environment incomparable for religious thought and spiritual contemplation.

IN HIS Easter sermon on immortality, a prominent divine of San Francisco, substituting for Reverend Dr. Gordon, takes cognizance of the spirit messages of Sir Oliver Lodge and A. Conan Doyle as proving life beyond the grave. Some churches seem to be catching up with the trend of popular interest. Not long ago the "spook" couldn't get a look-in. Now science is being given a chance to demonstrate some phenomena and explanation of it by spiritualists is quite evidently being accepted.

CONCERT DANCE WAS

A RARE TREAT

The complimentary concert dance given by Madame Maerilla to formally open her studio and dancing academy last Saturday night was a rare treat and was attended by over one hundred guests.

Madame Maerilla, mezzo-soprano, was assisted by her son, Eugene L. Free, clever singer, dancer and impersonator.

The talented little lady had transformed the lower floor of the Masonic building into a very pretty recital hall and had erected a platform for her grand piano. The opening instrumental number Poet and Peasant was greatly enjoyed and showed off Madame Maerilla's wonderful touch to fine advantage. Vocal duets by the Madame and her son included the sextette from Lucia and a selection from Il Trovatore. In her solo work Madame Maerilla revealed richness of tone and unusual temperament.

Popular dance numbers played on piano and drums included late hits, such as The Shiek. Eugene Free has quite evidently scored on big circuits or in musical comedy. His entertainment was par excellence.

After the program numbers Madame Maerilla's guests enjoyed dancing until midnight to the irresistible music furnished by the talented musicians.

DARLING MAKES

FINE IMPROVEMENTS

George Darling, proprietor of the restaurant at Boyes Springs, which bears his name, has made many fine improvements for the 1922 season. He has enlarged his dining room and redecorated it, built on an open air screened dining porch, provided up-to-date lavatories and made many other changes for the comfort and convenience of his patrons.

The entrance has handsome bronze doors and at night a pyramid lighting system is an attractive feature, as the traveler along the highway approaches Darling's.

One hundred diners can be seated in the dining room and porch annex. Wild flowers or some seasonable flowers will regularly deck the tables. Inlaid linoleum has been used for the floor covering and everything is sanitary and extremely neat.

The kitchen is presided over by an experienced chef, recently of the Faculty Club, Berkeley.

Miss Elizabeth McFarland of the Children's Agency of the Associated Charities of San Francisco, was in town Tuesday looking up suitable homes for orphan children. Miss McFarland has several of her charges placed in his valley and likes the climate and good water to be found here. She is desirous of placing more boys and girls in Sonoma Valley homes.

SPECIAL MEETING OF CITY TRUSTEES.

There was a special meeting of the city trustees Monday night. The vote of the recent municipal election was canvassed and other regular business transacted including the re-naming of Fred. Bulotti as Mayor of the city and the standing committee, the personnel of which will be the same as during the previous term.

The resignation of R. A. Poppe as City attorney was received. Mr. Poppe and the trustees clashed on the matter of the service station and as a consequence the pioneer Sonoma attorney withdrew from the official family. It is rumored that ex-Judge Denny may accept the position of city attorney.

Owing to the condition of the city's

finances following extensive improvements and the necessity for sewer extensions bids on the pump for plaza irrigation, had to be rejected. It is planned to follow up this improvement after the next taxes come in.

OPENS NEW STORE

Mr. and Mrs. S. Shocken leave next week for a trip to Los Angeles. They will go south on the steamer and return by rail. Mr. Shocken has several nephews in business in the southern metropolis.

BANKER RETURNS FROM THE SOUTH

Frank Burris has returned from a trip south, including a visit to the Rich Imperial Valley where the lettuce crop brings as high as \$800 per acre and cantelopes make millionaires. Mr. Burris declares the alfalfa there to be the finest in the world and says that many Arizona cattle are being brought in there to fatten.

While in the south, the Sonoma banker heard many fine compliments paid Judge Emmet Seawell by men who know the Sonoma county jurist through his decisions in big cases. All spoke highly of Seawell for the supreme bench and expressed a desire to have him brought before the people of the south that he might be elected to the important position for which he is so eminently fitted.

Burris returned to Sonoma Tuesday looking fine after his out-of-door motor trip.

GLEN ELLEN NOTES

Mr. and Mrs. Freitas of Modesto were guests at the London ranch on Sunday. Mr. Freitas is city engineer and water manager of Modesto.

Mrs. Jack London has been visiting in Southern California.

Julius Poppe, one of the prosperous farmers of the Glen Ellen district has been plowing his fine cherry orchard in the foothills and getting his vineyard in shape for the big crop which will yield him a handsome profit according to the present offers being made for grapes. Julius is a pioneer of the Sonoma Valley and his 70 acre ranch is a model one.

Dave Schieck's Bennett Valley vineyard is in fine condition and Mr. Schieck is now plowing his orchard. His four-year-old son is already a sturdy little farmer and tries to help him. Schieck is an old college chum of Trustee Sam Lewis of Sonoma, and Tony Cereghino, the popular butcher down there.

The dance at the Mervyn was a big success and Mr. and Mrs. Buck gave everyone a royal time.

Frank Edrington attended the McPherson lectures in San Francisco and reports seeing some wonderful healing.

PLAN FINE FEATURES FOR LONDON MEMORIAL BALL

Many fine features are being planned for the Jack London memorial ball to be held at the Oakland auditorium on Saturday evening, May 6th. Preliminary to the big benefit in which many prominent literary and society people of Oakland are interested, a moving picture concern will visit Sonoma, Valley of the Moon, and take pictures of the London ranch the grave of the author and the proposed site of the beautiful memorial library at Glen Ellen. These pictures will be shown on the screen at the T. & D. Theatre and other theatres of Oakland a few days before the ball and will help advertise the event.

Valuable door prizes, including a \$300 oil painting, a brick for the library cornerstone graven with the name of the winner and the Book of Jack London in two volumes will be given the lucky ones at the ball.

Mayor Davie of the City of Oakland and Mrs. Jack London will lead the grand march.

Mrs. Schweitzer of New York city, a sister of Wm. Collins of Feters Theatre, is in San Francisco, registered at the St. Francis Hotel. Mr. Collins will go down to visit her next week.

Marshal Robin filed his account of the sale of the Plaza fence, which was sold for \$73.25.

M. F. Turley who has been somewhat indisposed says that a dip in the Agua Rica Hot Springs (Boyes) last Wednesday greatly improved him.

A number of Santa Rosa wheelmen visited this place last Sunday. They were right royally entertained by mine host A. R. Harrison of the Mervyn Hotel.

The commencement exercises of the class of '97 of the Sonoma Valley Union High School will take place at Union Hall on May 29th, at which time the class will present the Greek tragedy, "Edipus Tyrannus."

G. S. Harris, proprietor of the Union Stables, purchased last Tuesday from Mrs. Vasquez lot 50x150 adjoining his stables. The lot has a frontage of 50 feet on Napa street and 150 feet on First street west. The lot cost Mr. Harris \$300.

The Sonoma Valley Orchestral Society will make its initial bow to the public of this valley some time during the latter part of June. There are few large permanent concert orchestras in this state and that Sonoma should be able to boast of one is a matter for wonder and satisfaction.

George W. Clark, our local undertaker, hied himself to Los Angeles this week, where he will visit his son. He will be absent a month. James H. Albertson will look after his undertaking business and will give you a first class funeral in case you should conclude to die before Mr. Clark's return.

NOT VERY EGGSACT WAS THIS LADY FARMER

Out at the Industrial Farm for Delinquent Women they have a wonderfully bright and energetic farmerette, who superintends all activities and teaches the fallen how to get a grip on themselves, go to work and fit themselves for square shooting in the big, outside world. This scientific young woman naturally takes a pride in all the equipment and livestock at the Farm and wants to make a record among state institutions second to none when it comes to thoroughbreds and pure stock.

The other day she got an idea—the big idea was to get some of the best hatching eggs "a-going" so that she could raise some prize baby chicks which would be a credit to the state and make an appeal to some of the helpless ones craving for their "hop" or chafing under restraint. 'A dear, fluffy, baby chick, peeping joyfully at its chance to scratch for a living in this great world—how inspiring to the besotted, base, melancholy being in whom the eternal feminine love of the helpless must exist however bruised or latent. Yes, it was a great idea—baby chicks as a moral stimulant.

The telephone wire to the State Agricultural Farm fairly spluttered with the enthusiasm of the appeal for ten settings of the best eggs for the Buena Vista Industrial Farm.

A prompt delivery of the eggs was made and the settings turned over to the chore-man (for be it known that no farm can get along without a man). The he-farmer listened politely as he received the eggs and then quietly inquired for the setting hens or incubators necessary to make Miss E—'s dreams come true. Horrors! the lady farmer clean forgot that more was necessary than getting the eggs.

Then began a frantic search for setting hens among all the residents of Buena Vista section. Obliging neighbors helped out and loaned a hen or two where possible and now it is said a local firm has an order for a well known brand of incubator.

LEFT \$5000 TO CHRISTIAN SCIENCE CHURCH

The estate of the late Mrs. Mattie V. Thompson a former attendant at the Sonoma State Home at Eldridge was further entangled when Public Administrator F. H. Phillips filed a petition for the probate of a holographic will.

Mrs. Thompson died the last of March after a brief illness. F. H. Phillips filed a petition March 31 for letters of administration in the state and on April 10 filed a new petition asking for special letters pending the procedure of granting the regular letters.

John D. Harloe of San Francisco filed a petition April 12 for letters of administration, having been nominated by Earl Pomeroy, of Pearl Harbor, Hawaiian Islands, the only heir.

Phillips appeared on Friday of last week with a new petition for probate of a will which has been found among the effects of the deceased. The will, dated November 20, 1918, leaves the entire estate consisting of bank deposits, liberty bonds and stocks valued at about \$5000 to the First Church of Christ Scientist, of San Francisco.

But under the laws of California a person with living relatives cannot devise more than a third of his estate to religious organizations and the courts will have to set aside the will to the extent that two-thirds of the estate will be awarded to the heir while the Scientists will receive one-third.

The petition for special letters was up before Judge Thompson and after hearing the evidence in the case the petition was taken under advisement by the court.

All the petitions will come up before the court Friday, April 28, for action and a decision will then probably be announced as to who shall administer the estate.

Mr. and Mrs. P. Meinhardt who recently sold out at Boyes Springs have gone South on a motor trip to Los Angeles and San Diego in their new Nash car.

AMENDMENTS ON THE BALLOT NOVEMBER 7th

The \$10,000,000 soldier bond act will occupy first position on the ballot at the California general election on November 7th.

The Wright prohibition enforcement act will be the second proposition on the ballot and the proposed constitutional amendment relative to the exemption of soldiers from taxation has been assigned third place.

The remainder of the 25 measures already qualified for the November election will appear on the ballot in the following order:

Title insurance amendment.
School district amendment.
Amendment on annexation or consolidation of municipal corporations.
Municipal charter amendment.
Initiative on publicly owned public utilities.

Initiative on regulation of publicly owned public utilities.

State budget act.

Amendment to increase salaries of justices and judges of higher courts.

Amendment on taxation of notes, stocks, bonds and mortgages.

Amendment relative to fixing the rate of taxation for state purposes.

Title practice measure.

Amendment on the use of the water from streams outside of the state.

Amendment on the joint construction of public works by municipalities.

Water and power and development act.

Osteopathic measure.

Amendment prohibiting the creation of irrigation districts by special law.

Absent voting amendment.

Amendment on deposit of public moneys.

Unlawful practice of law measure.

Amendment regulating appointment of judges pro tem.

IMPROVES HIS SHOP

Parrent, the tailor, is now occupying his new work room, an annex to the residence he purchased near the N. W. P. depot. Recently he installed the latest model Hoffman steam pressing machine and other equipment for his fast-growing business.

Several months ago Mr. Parrent bought the old Gilbert house which he remodeled and he also added the shop and a fine, broad veranda, which greatly improves the appearance of the place.

Mr. and Mrs. Henry Waters had their infant son christened at the Congregational Church on Easter Sunday.

COUNTY CLERK BOOSTED JUDGE SEAWELL IN SOUTH

Sentiment throughout the state is that Superior Judge Emmet Seawell should be elected to the supreme court.

Such was the assertion of County Clerk W. W. Felt, Jr., following his return from the county clerk's convention in Los Angeles. While in southern California, County Clerk Felt was able to make a general survey of the tendency of the voters in that section of the state toward the candidacy of Judge Seawell for the supreme bench. His statement is as follows:

"Clerks of the various counties come in close personal touch with the judges and with the people of their sections and are able to give a good idea as to the feelings toward Judge Seawell's candidacy. Every clerk was enthusiastic over Seawell's candidacy. He was given great endorsement. They believe that the election of a supreme court justice of Judge Seawell's calibre will be of great consequence to California. His work as superior judge has been very favorable and has received state-wide recognition. There is not a question but that he will receive the endorsement of the state's voters. It will not be sufficient for Judge Seawell's friends to work for him but they must work toward the end of having him on the supreme bench of this state."

The convention in Los Angeles was in progress for three days. Over 40 county clerks were in attendance.—Santa Rosa Republican.

TEACHER ATTENDED

THE GRAND OPERA

During a visit to her home in Oakland, Mrs. E. Leshar attended the last two performances of the Chicago Grand Opera Company. She reports the American story, The Girl of the Golden West, as at first seeming quite incongruous as sung in Italian, but as the audience passed under the spell of the wonderful voices and acting of Rosa Raisa, our own Edward Johnson, Giacomo Rimini and the other members of the cast, that impression was lost in other emotions.

The part of Monna Vanna was taken by Mary Garden at the last performance and her reputation, if possible, was enhanced, especially as a great emotional actress, as well as a great singer.

GOLDEN GATE FERRY

SERVICE STARTS MAY 7th

Service is planned for May 7 by the Golden Gate Ferry Company, according to an announcement just issued from the main office of the company in San Francisco. Contractors are rushing the work on the terminals and it is promised that they will be ready so that the auto ferry boat San Jose can be placed on the run pending completion of the first big Diesel-electric boat for the company. The San Jose now belongs to the Rodeo-Vallejo Ferry Company, and is leased to the Golden Gate Ferry Company.

In this connection it is interesting to note that the same group of business men operate and manage both the Rodeo-Vallejo Ferry Company and the Golden Gate Ferry Company, and have just purchased the Six Minute Ferry Company. The quarterly dividend checks for Rodeo-Vallejo stockholders have just been sent out. The dividends for the year promise to be big. It is predicted that the profits for the Golden Gate Ferry Company will be even greater than they have been with the Rodeo-Vallejo Company.

The big thing however, is the quick transportation across the bay which is a great need for the North Bay section. It is planned by Golden Gate officials to have a fast service and a more reasonable rate than is now effective.

SONOMA HIGH HAS BIG GRIP ON TENNIS FLAG

The Sonoma High tennis team has practically cinched the tennis championship of the southern section of the Northwestern League by decisively defeating the team from the Napa High on the Napa courts.

Herschel Hyde, Sonoma crack player, was forced to extend himself in the second frame of singles with the Napa player, taking the first in an easy style of 6-2. The second went to 7-5 before the Sonoma man was declared a winner.

The doubles games went to four sets with both outfits fighting hard for the lead. Hyde and Prestwood, Sonoma doubles team, took the first set 6-2, the second 7-5 and lost the third 3-6, and then came back and took the fourth 6-3, winning the match.

A victory over the Napa High team placed the Sonoma boys on easy street in their race for the league title and also it demonstrated that they could play the old game.

In the first C. I. F. game they defeated Tamalpais High in an easy style. Hyde took the singles 6-0 and 6-1, while he and Prestwood took the doubles 6-1 and 6-1.

FORMER SONOMA TEACHER HEARD FROM

James Reade Watson, formerly a prominent teacher of this county, and for many years past a teacher in the San Francisco schools, was a visitor here recently. The schools at the metropolis are having the usual vacation which is taken during the holy week and the former Sonoma County resident will spend the time at his ranch near Guerneville, "Old Cabin Home." This is one of the best known places in the county, and is being brought to a high state of cultivation by its owner. Mr. Watson is teaching Spanish in the San Francisco schools.—Santa Rosa Republican.

BRUCE H. PAINTER HONORED

Bruce H. Painter, principal of the Petaluma high school, was elected president of the California Association of High School Principals, according to word received from Pasadena, where the closing session of the annual convention was held.

Insurance for pupils traveling to school in public conveyances was favored in a resolution adopted at the convention.

Mr. and Mrs. Harry Castagnasso are making many improvements on their property. They have built a large new barn and have had their attractive cottage painted by Muller & Downey. Mr. Castagnasso is in the teaming business.

SUMMER SCHEDULE

FOR AUTO BUS LINE

The regular summer schedule on the San Rafael and Sonoma Valley auto stage line will be effective beginning Saturday, May 6. The first bus for San Francisco via San Rafael leaves Sonoma at 7 a. m. The leaving time for the second trip is scheduled at 8:50 a. m. In the afternoon there is a bus leaving here at 2:30 and another at 7 p. m.

Coming to Sonoma Valley from San Francisco via this line the boats connecting with the auto busses leave at 7:45 and 9:45 a. m., and 3:15 and 7:45 p. m.

The service given by Valente and Steurmer is meeting with great commendation from the traveling public. The patronage is increasing every season and as a result another new 20-passenger Cadillac bus has been ordered.

On Easter Sunday 75 passengers were carried to San Rafael on the last trip. The route between San Rafael and this valley is via Petaluma pending the completion of paving and improvements on the Black Point cut-off.

HERE FOR MRS. SHAW'S BIRTHDAY

Harry Shaw of Corcoran and family were here Sunday to celebrate the 85th birthday of Mr. Shaw's mother.

Mrs. Mary Shaw is one of the esteemed pioneers of the community of sturdy American ancestry and splendid physique despite her advanced years. She is a bright and interesting woman, still keen for her bridge parties and active in many social and church affairs of the Sonoma Valley.

Mrs. Shaw also entertained her son Colonel Shaw of the U. S. Army and his family on the anniversary day. Mrs. Shaw and Miss Pemberton gave the visitors a hearty welcome.

MISSION DONATIONS REPORTED AT MEETING

The Mission committee met Wednesday and conferred in regard to the splendid plans of opening Sonoma's old Mission to tourists, having a caretaker and establishing a permanent museum of historic relics. To further this work the following subscriptions have so far been received: Sonoma Valley Womens Club, \$25; Native Daughters, \$20; Native Sons, \$50; Y. M. I., \$25; Farm Center, \$10.

M. STEIN HELD TO ANSWER

M. Stein, accused of complicity in the Kaplan fraud, was held to answer Saturday last following his preliminary examination before Judge Small. Four witnesses including Max and Harry Kaplan testified against him. The case will now come up in the superior court.

Mr. and Mrs. Chas. LaTorres are enjoying the comforts of a closed Velie car.

VINEBURG NEWS

Mr. and Mrs. August Figone of San Francisco and family were guests of Mr. and Mrs. John Batto last week.

Mrs. Chas. McDevitt and family of Sonoma were the guests of Mr. and Mrs. Fred Batto on Easter Sunday.

Mr. and Mrs. Henry Anselmi and young Miss Anselmi, of Sonoma were the week end guests of Mr. and Mrs. E. Forni.

Happy Jap Valente the live wire fire laddie and political boss of the 5th ward of Sonoma, was a visitor in this vicinity on Monday.

Mr. B. Dupouy of the Pioneer Summer Resort, Vineyard Villa, has started to make arrangements for his guests for the coming season.

Messrs Frank Rhode and Louis Martin, two of our best known citizens motored to the city of roses and transacted business on Monday last.

For the week ending Saturday, Apr. 15th, there were 6975 dozen eggs shipped from Batto's spur, and Jim Small, who knows, says it was not a very good week for eggs either. He don't worry.

We are glad to hear that Dr. E. Z. Hennessy is improving, which will be good news to all, and you can tell the world that the esteemed gentleman will receive a royal welcome the first time he greets his host of friends in the Valley of the Moon.

Miss Fanny Fanning, our fair new assistant from Baxterville, has sent us a poem entitled "Spring is Coming" That is fine, Fannie, let her come and don't try to stop her, because Spring might get sore and go away again and then it would snow on July 4th and spoil our grand picnic to Wingo.

MOTORCYCLE AND AUTO COLLIDE EASTER MORNING

Last Sunday about 12:30, as George Crowe and family of Boyes were coming into Sonoma in their Paige car, they collided with Robert Taylor, the well known vocalist and dmember of the Boyes Fire Department, who was on his motorcycle. Taylor was on Napa street and as Crowe swung in from Fifth Street West, the motorcycle loomed up before him. He applied the emergency brake on his car and Taylor, thinking to pass to the right, made a quick turn, which landed him with terrific impact against the fender of Crowe's car. He was thrown on the running board and the handle, on the door of the car cut clear through his clothing.

Mr. Crowe picked up the injured man and conveyed him to town where Dr. Thomson dressed his injuries, fortunately not serious, except for a dislocated wrist. The talented tenor was able to sing at the evening Easter services at the M. E. church, as scheduled.

SONOMA BUSINESS MEN'S MEETING WAS MONDAY.

The Sonoma Business Men's Association met Monday evening and considered several important matters. The committee on parking regulations reported that the city of Sonoma is now planning regulations which will be submitted later.

Messrs. Muller, Casson and Abele were appointed a committee to confer with the city trustees relative to the establishing of a children's play ground in the Plaza.

It was the consensus of opinion that the present auto camp grounds in the Plaza have become objectionable so close in and it was decided to appoint a committee to investigate other sites for Sonoma's auto park. Messrs. J. Gottenberg, Rae Hunter and John Mohr were named to investigate sites.

A check was drawn for the 3000 Sonoma booklets and envelopes delivered to the association, and Secretary LaTorres reported that he had already mailed out 300 copies, some to Canada.

Mr. and Mrs. G. H. Hotz have gone to Reno to visit relatives. Mrs. Hotz will remain for some time for the benefit of her health but the pioneer dry goods man will return to Sonoma shortly.

Mrs. Emma Wright of the state of Washington is here on a visit to her mother, Mrs. A. Hope. Mrs. Wright, as Miss Emma Hope, was a talented elocutionist and spent her girlhood in Sonoma.

SONOMA CITY MAY BOAST MAIL CARRIER

The business of the Sonoma post office which is now over \$5000 yearly makes our city eligible for a mail carrier and the plan is to be advocated during postal improvement week, May 1st to May 7th.

It is planned to give the Sonoma business districts two deliveries daily and the residence section one delivery daily.

Postmaster Wagon says it will expedite service of general delivery and will prevent conflict in duplicate names. He pointed out that streets would have to be named and numbered in order to get the city carrier and is hopeful that the City Council will endorse the plan. A former board felt that the time was not ripe for a carrier and deferred action on the street numbering requirement.

Delivery by carrier would be optional, with postoffice patrons although the majority of town residents and business people would have to favor the plan before it would be inaugurated.

When Lincoln Practiced Law.
Once in the old courthouse at Metamora, Ill., a prominent citizen of the town sought Lincoln's advice because a neighbor's pigs were in his cornfield. Then one had fences, and pigs were privileged property. After listening to the man's grievance, Lincoln said: "Well, you will have to civilize both the man and his pigs." Another leading resident of those early days waited until Lincoln was through speaking to inquire what he had better do about a bad debt. Lincoln asked how much money was at stake, and upon finding that the sum was \$50 remarked: "Well, just throw it at him. A man can't go through court for \$50."

EASTER SUNDAY DREW MANY TO CHURCHES

The great religious holiday commemorating the resurrection, drew out many worshipers to the churches here Easter Sunday.

At St. Francis church the sacred edifice was crowded to the doors at both masses. The altars were beautifully decorated. Rev. Bailey, the gifted Jesuit priest, gave a splendid sermon. The choir under Miss May Kearny added to the impressive high mass at 10:30.

The Methodist church, decorated with beautiful flowers and a giant white cross simulating stone was thronged morning and evening. Rev. Crowe preached an inspiring sermon. Mrs. Swain and Miss Cliff, assisted by Wm. Rambo, Jr., was highly praised.

At the Congregational church there were the usual elaborate decorations. A fine sermon by Rev. Cookman and very creditable musical program. The I. O. O. F. fraternal order attended the evening Easter services.

Dog Had Enough.
While working in his yard a Mantoba farmer heard a commotion in the stable. On investigating he found that a colt had caught the colts dog in its teeth and was shaking the animal for all he was able. He says it took him nearly five minutes to make the colt leave go but he has not seen the dog in the stable since.
